Title: Bloodguard Call to Arm

Author: Lady Flame

With both Vesper and
Papua still under endless
attacks from Ophidians
we are once again calling
all to arm themselves, to
fight this evil. We were
very grateful for such a
large turn out on
Saturday and hope that
we will see as many of
you as possible, so please
tell Guilds and Friends
alike, and join us.
Again please leave all
political hostilities behind
as we battle this common

common foe side by side.

Be at Castle British
Wednesday 9th August
7.45pm UK time
We set out at 8pm

We will be removing as

many Ophidians from Papua
as possible and looking
for any clues on how to
end the hostilities.
As before Bloodguard
Cloaks, Sash's and Robes
will be available, so if you
need these please be

early to collect your
items. We look forward
to once again fighting
along side you all.
